

11.15 - 11.45 | Paulina Komar & Dimitri Van Limbergen

Winemaking in Large Clay-jars in the Eastern Mediterranean: A Greek Phenomenon?

11.45 - 12.15 | Lucile Chabrier & Antigone Marangou

Le vin d'Amathonte dans les entrepôts du palais royal / Amathous Wine in the Royal Palace's Cellars

12.15 - 13.00 | Nicolas Garnier & Antigone Marangou

Sources textuelles et analyses chimiques : le cas du vin pamphylien et du vin de Chio à la lumière des nouvelles découvertes à Chypre / Tracing Wine Production and Circulation in Pamphylian Amphorae from Amathus Through Written Sources and Biomolecular Evidence

13.00 - 14.30 | Lunch Break

SESSION V | Terroir, Irrigation, Adaptation to Soil Conditions & Environmental Changes

Chair: Clémence Pagnoux

14.30 - 15.00 | Nicolas Bernigaud, Nuria Rovira, Alberte Bondeau, Joël Guiot, Pauline Roche & Laurent Bouby

Viticulture and Climate in the Eastern Mediterranean During the 1st Millennium BCE. The Contribution of Multi-Agent Modeling

15.00 - 15.30 | Giulia Nicatore, Maël Crépy & Bérangère Redon

Cartographier la viticulture antique : potentialités environnementales et dynamiques paysagères dans la région de Plinthe et de Taposiris Magna (Égypte, côte méditerranéenne) / Mapping Ancient Viticulture: Environmental Potential and Landscape Dynamics in the Plinthe and Taposiris Magna Regions (Egypt, Mediterranean Coast)

15.30 - 16.00 | Sabrina Plaza

Terroir contraignant, technique stratégique : systèmes viticoles modulables en Méditerranée orientale (Antiquité tardive – période byzantine) / Challenging Terroir, Strategic Techniques: Adaptable Viticultural Systems in the Eastern Mediterranean (Late Antiquity – Byzantine Period)

16.00 - 16.30 | Break

16.30 - 17.00 | Ilhem Bentaleb, Laurent Torregrosa, Luciana Wilhelm de Almeida, Elisa Marguerit, Monica Aguilera, Sandrine Canal, Jordi Voltas, Jérôme Ros, Laurent Bouby

Exploring Carbon and Nitrogen Isotope Analysis of Grapevine Seeds (Vitis Vinifera) to Assess Water Deficit in Ancient Viticulture

17.00 - 17.30 | Arzu Türk, Sophia Germanidou & Abdullah Raşid Gün

The "Sulci" Vine Planting System of İncesu, Central Cappadocia: Documenting the Hydrological and Agricultural Functions of a Forgotten Landscape

17.30 - 18.00 | Discussions and General Conclusions

Tuesday & Wednesday

03 & 04 / 11 / 2026

Vine-growing and Wine-making
Techniques and Knowledge
in the Eastern Mediterranean
during the 1st millenium BCE

New Approaches, Recent Results

École française d'Athènes,
Conference room, Didotou 6

Organisers:

Clémence Pagnoux & Bérangère Redon

Tuesday, November 3

09.00 - 09.30 | Participants' welcoming

09.30 - 09.45 | Véronique Chankowski Director of the École française d'Athènes & **Pierre Tallet** Director of the Institut français d'archéologie orientale
Welcome addresses

09.45 - 10.00 | Clémence Pagnoux Muséum National d'Histoire Naturelle, BioArch & **Bérangère Redon** CNRS, HiSoMA
Introduction

SESSION I | Vineyard Work

Chair: Evi Margaritis

10.00 - 10.30 | Damien Agut, Valérie Schram & Brigitte Lion

La culture de la vigne en hautain à travers les sources égyptiennes, assyriennes et grecques / Trellis-tree Viticulture in Egypt: Insights from Egyptian, Assyrian, and Greek Sources

10.30 - 11.00 | Bérangère Redon

The Viticulture Manual from the Archives of Zenon of Caunos (PSI 624) and the Viticultural Knowledge and Practices of the Greeks in Egypt in the 3rd Century BCE.

11.00 - 11.30 | Varvara Stivarou

Tending the Vineyards: Pruning and Ploughing in Cyprus from Antiquity to the 20th Century

11.30 - 12.00 | Break

SESSION II | Regional Models

Chair: Pierre Tallet

12.00 - 12.30 | Maria Rosa Guasch-Jané

Ancient Egyptian Winemaking Technology: A Study of Tomb Iconography Based on a Digital Corpus

12.30 - 13.00 | Vasilica Lungu

Méthodes, savoirs et pratiques vini-viticoles en Thrace istro-pontique dans la deuxième moitié du I^{er} millénaire av. J.-C. Nouvelles approches et résultats récents / Wine-growing Methods, Knowledge, and Practices in Istro-Pontic Thrace during the Second Half of the 1st Millennium BCE. New Approaches and Recent Findings

13.00 - 14.30 | Lunch Break

14.30 - 15.00 | Eirini Poupaki

Ancient Viticulture in the Agricultural Landscape of the Island of Kos (Dodecanese, Greece): A Study of Archaeological Remains Related to Wine Production

15.00 - 15.30 | Hélène Wurmser

Du cep à la cuve : production et économie du vin à Délos à la lumière des recherches récentes / From Vine to Vats: Wine Production and the Economy of Delos in Light of Recent Research

15.30 - 16.00 | Break

16.00 - 16.30 | Christophe Bost & Olivier Henry

Comment cela fonctionnait ? Restitution des processus de production de vin employés dans les installations rupestres de Carie, l'exemple du sud Latmos (Labraunda, Turquie) / How Did it Work? Reconstructing the Production Processes Used in the Rock-cut Facilities of Caria, Using the Example of Southern Latmos (Labraunda, Turkey)

16.30 - 17.00 | Lorenzo Castellano

Viticulture in First Millennium BCE Anatolia: A View from Kınık Höyük

17.00 - 17.30 | Break

17.30 - 18.00 | Maria Rosa Guasch-Jané & Josep Socorregut-Domènech

Visualizing the Operational Sequence of Ancient Egyptian Wine Production: A Digital Synthesis of Archaeological, Iconographic and Epigraphic Evidence
Demonstration of a visualization tool

Wednesday, November 4

SESSION III | The Economics of Wine, Wine & the Economy

Chair: Véronique Chankowski

09.00 - 09.30 | Ramón Díaz de Mayorga Arias

Dionysiac Imagery and Social Distinction in the Wine Economy of Late Archaic Athens

09.30 - 10.00 | Hewayda Hassan

Wine, Trade and Cultural Exchange in the Indo-Mediterranean World: Evidence from Archaeological Find

10.00 - 10.30 | Evi Margaritis, Symeon Gkinoudis, Viktor Finopoulos

Of Grapes and Wine: New Data from Cyprus and the Aegean - Tracing Production, Trade, and Culture in the Ancient Mediterranean

10.30 - 10.45 | Break

SESSION IV | Containers & Contents

Chair: Laurent Bouby

10.45 - 11.15 | Aaron Schmitt

Recent Discoveries on Phoenician Wine Production at Tell el-Burak (Southern Lebanon)
